Carole Wrathall	Social Welfare	To travel to Canada for a comparison study of indigenous models of whānau/family violence prevention developed, implemented and evaluated by indigenous people modelled on kaupapa Māori and First Nations Canadian methodologies.	2007
Susan Young	Medical	To travel to the UK to gain knowledge on intraspinal catheters for analgesia in cancer pain and development of outreach services for this model of care.	2007
Tim Armstrong	Environment & Conservation	To travel to the UK, Canada and the USA to research new technology and innovations relating to the supply of energy to domestic homes generated from renewable resources.	2006
Gerardine Clifford	Social Welfare	To travel to the UK to research family violence programmes for third and fourth generation migrant populations in urban low-socio-economic communities.	2006
Robin Cox	Community Development	To travel to Canada, the USA and Australia to study and network with internationally credible youth mentoring programmes to inform and expand youth mentoring in New Zealand.	2006
Jane Drumm	Social Welfare	To travel to the UK to visit programmes that are working in innovative ways to assist families who are victims of domestic violence. In particular assisting mothers and their children to develop strategies to remove themselves from violent situations.	2006
Charitee Gay	Arts and Music	To travel to the USA to study the Art Realisation Technique as a means for self-expression and developing this programme for use in New Zealand.	2006

**NEW ZEALAND WINSTON CHURCHILL FELLOWSHIPS AWARDED 1966 - 2018**

<b>FELLOWS NAME</b>	<b>CATEGORY</b>	<b>FELLOWSHIP TOPIC</b>	<b>YEAR FELLOWSHIP AWARDED</b>
Reg Harris	Commerce / Trade / Industry	To travel to the UK to visit manufacturing centres of excellence. The research will inform the manufacturing sector within New Zealand.	2006
Denise Henigan	Community Development	To travel to Australia, the Netherlands and the UK to learn how cities develop infrastructure to improve the balance to favour pedestrians and cyclists, to create a safer more attractive and sustainable local environment.	2006
Moya McConnell	Law and Order	To travel to Scotland to investigate restorative justice practice, with particular attention to shuttle mediation, post sentence and facilitator training.	2006
Anna Cameron	Arts and Music	Investigative research of the international marketplace for NZ theatre and internal capability; and to examine how writers are represented produced and resourced in the UK, USA and Canada. Further, to establish agency partnerships for the promotion of NZ plays and theatre, including sourcing overseas script developers to work with NZ writers at future conferences.	2005
Errol Hitt	Commerce / Trade / Industry	To travel to Iran, Greece, Spain, France, Italy, UK, Mexico and the USA to research the history and production of saffron. Research will cover the international industry from planting through harvesting to sale.	2005
Elizabeth (Jayne) Huggard	Community Health/Nursing	To visit palliative care centres of excellence in the UK and Canada with particular reference to the provision of bereavement follow-up practices for families of hospice patients, and staff support programmes for members of multi-disciplinary palliative care teams.	2005
Brent Skinnon	Commerce / Trade / Industry	To study examples of excellence in organic production and marketing on a regional scale with the aim of enhancing similar initiatives in New Zealand.	2005
Marily Thompson	Education	To investigate e-learning strategies used in a cluster of Scottish schools, with a view to implementing on-line programmes for students to raise literacy levels within schools.	2005
Susan Wake	Horticulture	To visit a number of children's gardens in the USA to investigate the link between educational theory and garden design; and analyse the design and purpose of the gardens through a questionnaire that includes a personal interpretation and input from garden designers.	2005
Guodong Yuan	Science	To learn Canadian policy on strategies for, and advances in hydrogen technology and develop linkages with Canadian institutions and scientists for the benefit of New Zealand.	2005
Betty Jeanne Eydtt	Social Welfare	To travel to the UK, Canada and Australia to identify resources, practices and issues about elder abuse and neglect prevention and intervention that will contribute to the development of resources for education and awareness raising in New Zealand.	2004
Qiangfu Jin	Community Development	To visit families and educators in China to investigate underlying causes behind the social problems of young Asian/Chinese students in New Zealand.	2004
Yola Macken	Community Development	To visit businesses and training programmes within the USA and the UK that support the development of an entrepreneurial culture, to apply their best practices in an enterprise strategy for Waitakere City and the Rodney District.	2004
Graham McBride	Environment & Conservation	To travel to Australia and the USA to investigate management options for contaminated land.	2004
Bernadine Walsh	Public Administration	To travel to the UK to study the implementation of sustainable transport policy.	2004
Mark Ashby	Environment & Conservation	To research approaches to controlling the establishment of wind turbines under local environment regulations; USA, UK, Denmark, Germany and Australia.	2003
Douglas Drysdale	Education	To investigate more efficient ways of supporting principals in small schools in England, Scotland and Prince Edward Island, Canada.	2003

**NEW ZEALAND WINSTON CHURCHILL FELLOWSHIPS AWARDED 1966 - 2018**

<b>FELLOWS NAME</b>	<b>CATEGORY</b>	<b>FELLOWSHIP TOPIC</b>	<b>YEAR FELLOWSHIP AWARDED</b>
Brent Efford	Commerce / Trade / Industry	To study urban rail and public transport systems in the USA, with a view to upgrading Wellington's regional rail system.	2003
Jo Hume	Commerce / Trade / Industry	To visit export and other organisations that are aware of international consumer trends on sustainability issues in the UK, Europe, Australia and the USA.	2003
Carmen Knowler	Commerce / Trade / Industry	To examine drainage services and administrative processes in the UK, with a view to applying best practices to the New Zealand drainage trade.	2003
Graeme McIndoe	Commerce / Trade / Industry	To study recent successful British and European urban development initiatives and assess potential for application in New Zealand.	2003
Chris Oldham	Archaeology / Museums / Historical Preservation	To study the management of heritage buildings in the UK and the USA.	2003
Jo Randerson	Arts and Music	To attend the Summer Literary Seminar in St Petersburg and participate in the Russian arts community.	2003
Claire Balfour	Community Development	To travel to the UK and the USA to undertake research for the 2002 update of the Internet Safety Kit for children and young people.	2002
Graeme Buchan	Environment & Conservation	To travel to the USA and Canada to research pathogen contamination of water resources.	2002
Nicky Darlow	Education	To travel to Canada, England and Scotland to explore dispute resolution techniques that reduce school suspensions, and to look at review and appeal processes available to students and parents.	2002
Jackie Fawcett	Community Health/Nursing	To travel to the Netherlands to develop methods to compare socio-economic inequalities of health in New Zealand with ten European Union countries and the USA.	2002
Iain Hines	Community Development	To travel to the Netherlands, Brussels, France, England and Australia to investigate how independent grant makers can better support community organisations.	2002
Glenys McKenzie	Community Development	To travel to Australia to observe how the apprenticeship Group Training concept is implemented.	2002
Kevin Moran	Education	To examine the latest developments in the teaching and promotion of swimming and water safety in England.	2002
Lynette Morris	Education	To research school-based financial literacy curricula in the USA and England, with the aim of enhancing similar programmes in New Zealand.	2002
Janet Pereira	Education	To travel to Western Samoa to examine the impact of formal, high stakes exams for Year 8 students and relate these findings to the New Zealand context.	2002
Ian Platt	Environment & Conservation	To travel to Germany to gain knowledge of the benefits of ecologically based sustainable indigenous forest management, with a view to applying similar systems in New Zealand.	2002
Helen Sharpe	Science	To travel to Canada, England and South Africa to research biotechnology issues, such as genetically modified organisms and the handling of ethical concerns in research involving humans.	2002
R K Workman	Public Administration	To travel to the USA to study programmes aimed at the successful reintegration of prison inmates into the community.	2002
Sarah Armstrong	Medical	To travel USA and UK, to examine the assessment processes and educational and treatment programmes before, during and after kidney transplantation; assess the impact on the donor of live donor kidney removal by laparoscope; and discuss ways to raise awareness about the need for organ donation.	2001
Ashley Blair	Education	To travel to Australia and the UK to investigate the role of school principals in successfully implementing information and communication technology strategies and teaching programmes.	2001

**NEW ZEALAND WINSTON CHURCHILL FELLOWSHIPS AWARDED 1966 - 2018**

<b>FELLOWS NAME</b>	<b>CATEGORY</b>	<b>FELLOWSHIP TOPIC</b>	<b>YEAR FELLOWSHIP AWARDED</b>
Lucy Brake	Environment & Conservation	To travel to the USA, the UK and Australia to study models, practices and strategies used in coastal management, especially the responses and methods used by coastal communities to combat coastal erosion.	2001
Timothy Dodgshun	Environment & Conservation	To travel to the USA in order to investigate marine pest research in the San Francisco Bay area and its implications for marine biosecurity in New Zealand.	2001
Carolyn Doughty	Social Welfare	To travel to Europe, Canada, the USA and the UK to investigate their national peer-support networks for manic depression, with the aim of providing a detailed discussion document which will enable implementation of practical initiatives in New Zealand.	2001
Alec Forbes	Arts and Music	To travel to the USA to study the workings of a Shakespeare Festival by interviewing organisers, directors, producers, actors and administrators and learn from their experiences and their processes in staging Shakespeare plays outdoors.	2001
Allison Gardener	Community Development	To travel to the UK to investigate the factors that contribute to the development and implementation of a Community Strategic Development Plan for sustainable rural regeneration, with an emphasis on key strategies that enable the successful implementation of community identified priorities.	2001
John Glass	Medical	To travel to the USA and the UK to visit three centres involved in neuropsychology assessment, training and rehabilitation programmes targeting older adults experiencing impairment of attention and/or memory processes due to age-related changes and/or various forms of cerebral trauma/disease.	2001
Craig Howard	Horticulture	To travel to Australia, the Netherlands, Hong Kong and the USA to study and gain insights into the international floral markets and to examine "New Crop" programmes to identify new crops not yet available in New Zealand, and their technology transfer systems.	2001
Andrew Jeffs	Fisheries	To travel to Australia to investigate the rapid development of aquaculture and compare the policy frameworks and industry arrangements designed to encourage and facilitate aquaculture activity.	2001
Pefi Kingi	Cultural Identity	To travel to Hawaii, New Mexico and the UK to study strategies and processes that successfully ensure the survival, maintenance and development of an endangered language.	2001
Renee Lambert	Commerce / Trade / Industry	To visit projects in the USA and the UK to gather new ideas, processes and information into the designs carried out for open space, reserve and storm water detention areas and the processes of community consultation and involvement.	2001
Judy Lawley	Education	To travel to Canada to conduct a comprehensive study into centres which are internationally recognised for their work in character development and "values education".	2001
Bryan Lintott	Archaeology / Museums / Historical Preservation	To travel to the USA to investigate current conservation and interpretation techniques for high-usage heritage buildings and sites.	2001
Jane McKenzie	Education	To investigate methods of teaching print journalism, particularly sub-editing, to students in the UK, to fine-tune the relationship between the journalism classroom and the workplace and to follow up on previous research she has carried out on the print industry and entry-level sub-editors.	2001
Trevor Morley	Public Administration	To study tourist victim support schemes in Ireland and the Netherlands and obtain information on their methods of operation, funding and their interaction with tourist victims, local authorities and government agencies with the aim of implementing a similar scheme in New Zealand.	2001

**NEW ZEALAND WINSTON CHURCHILL FELLOWSHIPS AWARDED 1966 - 2018**

FELLOWS NAME	CATEGORY	FELLOWSHIP TOPIC	YEAR FELLOWSHIP AWARDED
Michael Parmenter	Arts and Music	To travel to Europe and the USA to undertake a study tour and experience a wide range of approaches to staging opera and dance theatre, particularly Baroque opera and contemporary and newly commissioned works, with a view to extending the range of lyric theatre performances and skills in New Zealand.	2001
Gerard Prins	Community Health/Nursing	To travel to Canada and the USA to research the role of police and volunteers in the management of search and rescue operations and to research new innovations and how these could be applied in New Zealand.	2001
Charles Royal	Cultural Identity	To travel to Canada, Hawaii and New Mexico to study, research and compare indigenous/native world views and knowledge frameworks with a view to applying this knowledge to a new doctoral programme on Māori knowledge to be introduced at Te Wananga-o-Raukawa.	2001
Gill Rutherford	Education	To study universities and school districts in the USA which have shown leadership in developing research, best practice guidelines and resources relating to the education, employment, support and supervision of teacher aides who work with students with disabilities.	2001
Ross Somerville	Historical Research / Publishing / Libraries	To travel to the UK to research shared standards and similar issues in the digital delivery of history and cultural heritage materials to widen the range and future potential of the online "Dictionary of New Zealand Biography" and other publication projects.	2001
Roger Tweedy	Community Development	To travel to Canada and the USA to examine initiatives addressing the issue of an ageing workforce and the potential of the volunteer sector to become a major employer.	2001
Nelson Wattie	Historical Research / Publishing	To travel to Italy, the UK and the Netherlands to interview and research subjects for a biography on Alistair Te Ariki Campbell.	2001
Alan Witcombe	Public Administration	To travel to Germany to study the German parliamentary committees in the context of their experiences operating under a MMP electoral system and to report findings and make recommendations for reform in New Zealand.	2001
Kay Baxter	Commerce / Trade / Industry	To observe and learn from the leading heirloom plant conservers in the USA and bring this information and experience back into New Zealand's leading equivalent organisation.	2000
Paula Bowers	Community Health/Nursing	To investigate services available to deafblind people in the USA, Canada and the UK, and to observe types and methods of training provided to sign language interpreters, families, individuals and organisations who work and interact with deafblind people.	2000
Jocelyn Catley	Horticulture	To travel to South Africa to visit botanical gardens, natural habitats, reserves, growers, cut-flower auction houses, florists, herbariums and researchers to identify potential flowering species that could be commercially grown or used as breed stock in New Zealand.	2000
Bruce Chappell	Commerce / Trade / Industry	To travel to Australia to research innovations and new technology in design, construction and maintenance of road pavements, focusing on methods that could be used in New Zealand to reduce the consumption of dwindling supplies of premium aggregates in the road industry.	2000
Geoffrey Chapple	Environment & Conservation	To investigate voluntary participation by citizens in the financing and maintenance of long foot trails in Canada, the USA and the UK, and also the role played by government agencies in the protection, financing and maintenance of such trails.	2000
Aileen Cheshire	Education	To visit three projects in San Francisco, USA, and Scotland to assess their approaches to the problem of harassment in schools; to assess how various schools co-ordinate anti-bullying work; and to look at school community practices which foster respectful relationships. (joint scholarship with Lewis Dorothea)	2000

**NEW ZEALAND WINSTON CHURCHILL FELLOWSHIPS AWARDED 1966 - 2018**

FELLOWS NAME	CATEGORY	FELLOWSHIP TOPIC	YEAR FELLOWSHIP AWARDED
Gillian Eadie	Education	To travel to Australia, the USA and the UK to determine trends in creating 'schools of the future'; to explore ways in which schools are changing their curricula and teaching methods in response to information and communication technologies; to examine changing use of established buildings and explore future plans for developing new facilities, with a view to enabling effective planning for New Zealand students of the future.	2000
Nathan Guy	Agriculture	To travel to the USA to study ways of increasing the value of New Zealand beef by processing in New Zealand prior to export.	2000
Amanda Hargreaves	Social Welfare	To research and observe how primary schools deliver mental health education in England and to learn how teachers in England plan, implement and evaluate health programmes to deliver mental health education.	2000
Jackie Howell	Community Development	To travel to the USA, the UK and Australia to study programmes promoting reading, literacy and library use offered by public libraries to children and their parents, and to young adults.	2000
Dorothea Lewis	Education	To visit three projects in San Francisco, USA, and Scotland to assess their approach to the problem of harassment in schools, to assess how various schools co-ordinate anti-bullying work and to look at school community practices which foster respectful relationships.	2000
Rachel Lord von Werder	Archaeology / Museums / Historical Preservation	To visit sound archives in Europe, the USA, Canada and the UK, and to research current international directions and advances in the field of sound archiving which can then be implemented by Sound Archives Nga Taonga Korero.	2000
Elaine Manson	Social Welfare	To visit and study at alternative professional foster care schemes with therapeutic interventions in agency settings in the USA and the UK, with a view to developing similar programmes in New Zealand.	2000
Louise Marra	Environment & Conservation	To investigate community participation models and partnerships in conservation and environmental management in the USA and Australia.	2000
Chris Matthews	Commerce / Trade / Industry	To visit small towns and rural areas in the USA, Ireland, Italy and Australia that have diversified their economies by attracting information industries (notably call centres) and to discover how small and medium-sized businesses have 'clustered' to secure substantial opportunities.	2000
Brenda Ratcliff	Public Administration	To examine contracting models used by Barnardos in Ireland and the UK, to assist in the development of 'outcome indicators' for service provision which clarify accountabilities between central government and service providers and minimise the potential conflict for the advocacy role of service providers.	2000
Mere Roberts	Commerce / Trade / Industry	To travel to the USA to study appropriate research methodologies for surveying ethnic attitudes towards risk perception and levels of acceptance, and then to conduct surveys of indigenous groups in Hawaii to assess their understanding of risks associated with genetically modified organisms, foods and hazardous substances.	2000
Martin Rodgers	Arts and Music	To research and implement audience development strategies for the performing arts by attending an arts management seminar in the UK and then visiting UK based arts organisations to examine and gain knowledge in existing best practices.	2000
Ian Rowland	Commerce / Trade / Industry	To travel to Israel, Italy and Spain to gain knowledge and experience in all aspects of olive production for the purpose of enhancing his consultation business and the New Zealand olive industry as a whole.	2000
Richard Vanderpyl	Education	To study the practices and innovative programmes schools in the USA have implemented to improve the school climate and noticeably raise the academic achievement and success of students.	2000

**NEW ZEALAND WINSTON CHURCHILL FELLOWSHIPS AWARDED 1966 - 2018**

<b>FELLOWS NAME</b>	<b>CATEGORY</b>	<b>FELLOWSHIP TOPIC</b>	<b>YEAR FELLOWSHIP AWARDED</b>
Geoffrey Warren	Science	To travel to Australia to investigate improved methods for obtaining odour samples from a wide range of odour sources.	2000
Yvonne Wilson	Education	To travel to the UK to gather data on programmes for at-risk youth who are not succeeding in mainstream education; to identify what measures the government has introduced to combat truancy and exclusions; and to assess the effectiveness of 'Compact Club 2000', a motivational scheme to re-engage young people who are dropping out of school.	2000
Christine Bayes	Education	To explore the educational opportunities available to young children who participate in early childhood education in Reggio Emilia, Italy, and to see how this style of education has evolved and adapted in settings within Frankfurt, Germany and London, England.	1999
Grant Bremner	Public Administration	To study pre-hospital air transport and inter-facility transport of the critically ill in the USA and the UK with a view to establishing effective and cost efficient operational practises within New Zealand.	1999
Sue Campbell	Community Development	To visit the UK and Canada to obtain current information regarding trends influencing the use of child car restraints for pre-schoolers and to investigate child pedestrian programmes.	1999
David Currie	Social Welfare	To study strategies in the USA, Canada and Scotland which have successfully integrated people with disabilities into mainstream sporting opportunities.	1999
Kathy Davidson	Social Welfare	To visit schools and education authorities in the USA and the UK to research and collate information on how special schools in those countries adapt the national curriculum for their intellectually disabled students.	1999
Jenette Ford	Social Welfare	To travel to the USA, Canada and Scotland and Ireland to examine and experience residential programmes for people who have been affected by family violence.	1999
Jan Hudson	Community Development	To visit the USA and the UK to research organisational development issues affecting the community/social development sector in Aotearoa/New Zealand.	1999
Claire Johnston	Public Administration	To study the Chambers of Commerce movement in the UK in order to assess how it has become involved in regional economic development.	1999
Elaine Le Sueur	Education	To visit academic institutions in Australia and the USA to examine opportunities for gifted students in environments where there is routine access to technology and cutting edge research.	1999
Alison Lewin	Community Development	To visit the UK, Ireland and Canada to investigate innovative ideas to increase employment opportunities for people who are disadvantaged in the labour market, with the aim of developing and implementing initiatives which have greater business and community involvement.	1999
Reihana MacDonald	Education	To study how indigenous cultures are positively transmitted in the context of contemporary art education, by undertaking school visits and archival research in the UK, the USA and Australia.	1999
Jill McDonald	Community Development	To visit mentoring programmes for children in the USA to view their operating standards and procedures and to research the difference mentoring makes with a view to establishing similar programmes in New Zealand.	1999
Dot Milne	Medical	To study the chronic bladder condition, interstitial cystitis, at Broomfield Hospital, Essex, England, to gain a broader knowledge of treatment options and to work with their support group to achieve a better understanding of national support group management.	1999
Angela Sew Hoy	Social Welfare	To visit organisations in the UK to learn more about their programmes to enrich the lives of deaf, deafblind, speech and hearing impaired people by promoting the benefits of information communications technologies.	1999

**NEW ZEALAND WINSTON CHURCHILL FELLOWSHIPS AWARDED 1966 - 2018**

<b>FELLOWS NAME</b>	<b>CATEGORY</b>	<b>FELLOWSHIP TOPIC</b>	<b>YEAR FELLOWSHIP AWARDED</b>
Heidi Steifel	Horticulture	To visit Europe, the UK and the USA to identify and determine sustainable practical methods and technologies for successful commercial organic horticulture production.	1999
Jennifer Te Paa (nee Wilson)	Community Development	To visit the USA to expand existing knowledge of the 'toughLOVE' programme and bring back new initiatives, workshops and resources for presentation to parents, trainers, representatives and the community.	1999
Linda Thornton	Community Health/Nursing	To visit the UK and the USA to formulate a specific staff and parent training package for those working with Prader-Willi Syndrome throughout New Zealand.	1999
Diane Wilkinson	Social Welfare	To travel to Australia to visit two schools which are implementing "Full Service Education" - the delivery of health, welfare and educational services from one site.	1999
William (Bill) Barrett	Education	To visit selected school districts in the USA and Israel to undertake investigative research of the practices and procedures used to determine parent, caregiver and community satisfaction with local schooling.	1998
Margaret (Maggie) Bayfield	Environment & Conservation	To visit organisations in the USA, the UK and Australia who principally operate in private land conservation, and gain information about their organisational structure, methods of operation and the monitoring of both their operations and the state of protected areas.	1998
Maureen Bretherton	Social Welfare	To visit Perth, Scotland and Ireland to look at three different types of programmes for young children who display disruptive behaviours at school and, from these models, adopt ideas that can be used in facilitating the development of strategies that best meet the needs of the children, their families and schools in New Zealand.	1998
Mark Chambers	Education	To travel to the UK, the USA and Europe to investigate the establishment of "virtual universities"; the study will also focus on the nature and societal impacts of such technologies as well as the implications for the quality and future on New Zealand universities.	1998
Simon Chaplin	Social Welfare	To visit ministries in Britain, Scotland, the USA and South America to learn from people who work among drug addicted youth, prostitutes and homeless people, and bring new visions and initiatives into the Karangahape Road sub-cultures.	1998
E. Libby Clements	Social Welfare	To investigate the social, financial, legal and educational structures in the area of third sector housing by visiting well-established housing and tenant associations in the USA and Britain.	1998
Karen Davis	Community Development	To investigate the use of participatory research in North American non-formal adult education, particularly as used to assist community economic and social development, and to assess the possible applications to New Zealand communities.	1998
Brett Fotheringham	Historical Research / Publishing / Libraries	To travel to Australia, South Africa, England and the USA to undertake historical research into the early ecological and cultural history of the New Zealand Sub-Antarctic Islands to support bi and sesqui-centennial commemorations and to investigate the potential for a World Heritage (Cultural) listing for the Auckland Islands.	1998
Alan Grant	Agriculture	To investigate consumer concern about food safety, animal welfare, health and nutrition in key sheep meat markets; and to study the quality assurance initiatives being taken by the UK and Europe producers to meet consumer requirements.	1998
Jenny (Jennifer) Heal	Community Development	To investigate the role of The Older Women's Network in Europe and Australia, to observe and participate in initiatives undertaken with, and for, older women, with the objective of constructing a model that would work for the benefit of older women in New Zealand.	1998

**NEW ZEALAND WINSTON CHURCHILL FELLOWSHIPS AWARDED 1966 - 2018**

FELLOWS NAME	CATEGORY	FELLOWSHIP TOPIC	YEAR FELLOWSHIP AWARDED
Patricia (Patsy) Henderson-Watt	Public Administration	To study the British Guardian Ad Litem Service within the British Public Court system as it relates to the care and protection of children and to develop a proposal for a New Zealand system by which the Family and Criminal Courts and Care and Protection service could better protect and provide for children traversing the New Zealand justice system.	1998
Kathryn Hill	Commerce / Trade / Industry	To gain an overview of the peony industry and export markets within the USA, to assist with research being carried out on peonies as cutflowers at Kansas State University, and to collect knowledge on breeding techniques for peonies.	1998
Roy Hoerara	Public Administration	To examine the structure of the Aboriginal and Torres Strait Islander Commission as an indigenous organisation and the impact of its formulation of policy, design of programmes and delivery of services to the indigenous peoples of Australia.	1998
Harper Joanna	Community Health/Nursing	To develop an in-depth understanding of a range of Nursing Case Management models currently in use in the USA, including an examination of the key elements, development, clinical settings, costs, benefits and outcomes, implementation difficulties and successes, evaluation processes and educational preparation, skill and training required of the nurse to function effectively in the role of case manager.	1998
Philip McConkey	Community Health/Nursing	To consult and study with leading providers of professional supervision training in the UK, and to observe and participate in their programmes, particularly as they apply to the training and development of counsellors and psychotherapists, with the view to developing and enhancing supervision training in New Zealand.	1998
Jane Paul	Historical Research / Publishing / Libraries	To research early films with New Zealand significance held overseas, the emphasis would be on locating nitrate based films held in major film collections in the USA and the UK, with the aim of identifying and repatriating them.	1998
Yvonne Pauling	Social Welfare	To visit America to research and understand the most recent developments in responding to issues of sexual and other misconduct by clergy and persons in authority within church communities.	1998
Janice Petty	Community Development	To investigate Israel's programme for Co-ordinated Comprehensive Care of Older People, by visiting agencies in Israel to research the wide ranging services available to older people.	1998
Lewis Rowe	Arts and Music	To visit the UK observing work in theatre for children companies, theatre in education and young people's theatre, looking particularly at product, methods of direction, financial planning and touring strategies.	1998
Angie Silbery-Shoji	Community Health/Nursing	To visit International Learning Disability/Dyslexia associations and learn first-hand how they have achieved recognition or education policy to enable this group to reach their potential in education and be accepted in communities and the workforce.	1998
Jonathan Smart	Arts and Music	To intensively research the selection, presentation and marketing of contemporary art in Singapore, Europe, New York and Los Angeles.	1998
Sharon Strong	Public Administration	To gain first-hand experience of Telecottages and Telecentres in the UK and Scandinavia.	1998
Martin Sullivan	Social Welfare	To meet and confer with leading researchers, theorists, policy analysts, teachers and practitioners in the UK in the field of disability. The anticipated outcomes include a broadening of perspective, expansion of material for curriculum, updating methods of pedagogy, research the development and implementation of policy in the areas of deinstitutionalisation and provision of home support services.	1998

**NEW ZEALAND WINSTON CHURCHILL FELLOWSHIPS AWARDED 1966 - 2018**

<b>FELLOWS NAME</b>	<b>CATEGORY</b>	<b>FELLOWSHIP TOPIC</b>	<b>YEAR FELLOWSHIP AWARDED</b>
Nicola Taylor	Social Welfare	To visit Australia, America and the UK to obtain first-hand information about current research on the factors which facilitate children's post-divorce adjustment, with special emphasis on projects involving the direct ascertainment of children and young people's own perspectives.	1998
Joseph Te Rito	Education	To travel overseas, particularly to Wales, to develop strategies to maintain and foster the Māori language through looking at the experiences of other countries whose languages are facing extinction and their efforts to save these languages from extinction.	1998
Brian Tegg	Community Development	To establish a fully functional Telecommunity Centre in a small rural community in New Zealand, to act as a centre for community wide education in information technology, and provide the skills and enterprise necessary for its residents to enhance and improve their employment opportunities.	1998
Andrew Barber	Agriculture	Run to waste systems in protected cropping situations; UK and the Netherlands.	1997
Dr Annette Beautrais	Social Welfare	Suicide Prevention Strategies and Programmes.	1997
Christine Blackler	Community Health/Nursing	Parkinsons disease and nurse specialist teams; UK.	1997
Lesley Bradley-Vine	Community Development	Integrated Rural Development: sustainable development of 'Bridge Building' via grass-roots action plans.	1997
Johanna Brens	Community Health/Nursing	To investigate the British and Australian training services of hearing dogs for the deaf.	1997
Judith Charlton	Education	Key factors in attracting and retaining students with disabilities at tertiary institutions.	1997
Kelvin Day	Archaeology / Museums / Historical Preservation	To examine how leading UK museums have developed and implemented their exhibitions.	1997
Yvonne Duncan	Education	Cool Schools Secondary Programme.	1997
Nicolas Edgar	Environment & Conservation	To conduct comparative analysis of lake management at Lake Taupo and Lake Tahoe, USA, and a review of national lake monitoring programmes in the US and Canada to assist with the development of a New Zealand Lake Management Group and national lake database.	1997
Vicki-Anne Heikell	Archaeology / Museums / Historical Preservation	Investigating paper conservation and the management of indigenous preservation programmes.	1997
Hazel Irvine	Community Health/Nursing	Investigating the development and implementation of a working model of clinical supervision for nurses in the UK.	1997
Ihipa (Pat) Lambert	Education	To undertake observation of language assessment and evaluation techniques in Welsh nursery schools, and compare Welsh teaching methods and approaches that are used to develop the target language to those in New Zealand Te Kohanga Reo.	1997
David Laurie	Education	To travel to Australia, the USA, and Canada to investigate the education of special needs children in rural communities.	1997
Wayne Marriot	Historical Research / Publishing / Libraries	Investigations into the early European inhabitants of Dusky Sounds (1792-1797).	1997
Stephen Matthews	Arts and Music	To investigate the funding and performance of contemporary music and opera in Scandinavia and Great Britain, and to assist the commissioning, marketing and presenting of contemporary music and opera in New Zealand.	1997

**NEW ZEALAND WINSTON CHURCHILL FELLOWSHIPS AWARDED 1966 - 2018**

<b>FELLOWS NAME</b>	<b>CATEGORY</b>	<b>FELLOWSHIP TOPIC</b>	<b>YEAR FELLOWSHIP AWARDED</b>
Linda Mitchell	Education	To investigate the special features of early childhood services in Denmark, Sweden and the European childcare network that enhance the quality of early childhood education.	1997
Errol Moore	Education	To travel to the USA, UK, Sweden and Norway to investigate the development for music making and learning through community based opportunities.	1997
Dr Jocelyn Peach	Community Health/Nursing	Emerging strategies for health care delivery and professional leadership development.	1997
Darren Quirk	Community Development	Corporate volunteering in Britain.	1997
Toni Roberts	Social Welfare	To travel to Hawaii to study indigenous health and social welfare service models, particularly the managed care model.	1997
Oneroa Stewart	Education	Ethnic minority language communities and techniques to encourage the participation of parents in mainstream education.	1997
Ainslie Vickers (Macfarlane)	Medical	To travel to the USA, Canada and the UK to investigate the methodology and rationale used for postural management for children and teenagers with multiple disabilities.	1997
Malcolm Wood	Public Administration	To review the experience of publishing government information on-line by visiting government agencies in Australia, the USA and England to enable New Zealand Government agencies to provide a better service to the public.	1997
Jennifer Barrer	Medical	The Standardised Patient Programme and training methods to enhance patient communication and understanding.	1996
Alison Blaiklock	Community Health/Nursing	Intersectorial approaches to improving the health of children and young people.	1996
Errol Brown	Medical	Bicycle and pedestrian fatalities involving motor vehicles, and the South Pacific Conference on Motor Vehicle Crash Analysis.	1996
Peter Coop	Community Development	Acute development pressure and New Zealand resource management policy.	1996
David Crook	Community Health/Nursing	To view how voluntary euthanasia is applied; the Netherlands and Australia.	1996
Sarah Duffell	Public Administration	Crime Prevention Through Environmental Design (CPTED).	1996
Mark Fisher	Agriculture	The application of the principles of medical ethics to aspects of agriculture and agricultural science.	1996
Stephen Flynn	Science and Education	Science and education.	1996
Margaret Flyvbjerg	Community Health/Nursing	The teenage pregnancy rate in New Zealand.	1996
Douglas Galwey	Commerce / Trade / Industry	Manufacturing best practice and industry strategic planning.	1996
David Harrowfield	Environment & Conservation	Historic site preservation in the Arctic and Antarctic.	1996
David Haslett	Public Administration	Post blast scene examination and postmortem forensic techniques used by police and federal agencies in the USA and Canada.	1996
